Signature of Contractor.....

Signature of CSIDC.....

	under (also refer 'Bid Capacity form in schedule-D Section-I):
	Assessed Available Bid capacity = (A*N*M - B)
	where,
D	A = Maximum value of all civil engineering work executed in "any one financial year" during the last five year (updated to the price level at the current financial year at the compounded rate of 10% (ten percent) a year taking into account the completed as well as work in progress.) N = Number of years prescribed for completion of the works for which tender is invited (period up to 6 months to be taken as half-year and more than 6 months as one year). Any period beyond 12 months, the period actually mentioned in the N.I.T. shall be considered. M = 2.5 B = Value, of existing commitments and on-going works to be completed during the period of completion of the work for which tender is invited (period up to 6 months to be taken as half-year and more than 6 months as one year). Any period beyond 12 months, the period actually mentioned in the N.I.T. shall be considered. Note: The statements showing the balance value of existing commitments and on-going works, for each of the works so listed should be countersigned by the Engineer-in-charge, not below the rank of an Executive Engineer or equivalent

Note: -

- For the above purpose, **value of executed works (for similar work & key activities experience) and financial turnover shall be brought to current costing level by enhancing the actual value of work at the rate of 10% per annum (compounded annually), calculated from the date of completion to last date of receipt of applications for E-Tenders.**
- Ongoing project / part project experience shall not be considered for evaluation. Only experience as prime contractor in the same name and style shall be considered for evaluation.
- For the benefit of the intending tenderers a checklist is enclosed at Schedule-D-Section-I, for the documents to be submitted along with tender. Tenderers are required to submit other documents/information also with the technical tender as required in the detailed NIT or elsewhere in the Tender Document PART ONE, otherwise it shall lead to rejection of bids.
- Successful bidder shall have to employ sub vendor who has experience in execution of that component, for which tenderer does not have experience. The sub vendor shall be got approved from CSIDC before start of concern activities.

Signature of Contractor.....

Signature of CSIDC.....

- e) *The bidder must have experience of successful completion of atleast any one construction project work within the time limit specified in the agreement or within the extended time period without any penalty in last 7 years.*
